**What is the CFAL?**

The language learning and self-learning center welcomes all students and faculty members in ALLSH, to help them learn languages taught in the university.

We offer many educational resources, in paper or online, in order for you to study or for exams or language certifications preparations like the CLES (Higher Education Language Certification).

Different tutors provide weekly permanencies in the center to help users and provide guidance in their learning experience as well as to host conversations sessions.

The CFAL is also a place where students can meet and exchange. Different activities are offered to create this exchange between French and internationals students:

- Tandem, on the spot or via video calls (every semester and by registration from the center)
- Multilingual coffee
- Multilingual cross-comprehension (by registration, please ask more information to the center)
