[Cheap Price] **FXpansion BFD3** Full Version

BFD3 is the third generation of FXpansion's flagship software acoustic drum studio: new levels of realism and ground-breaking features in an intuitive redesigned engine. With stunning new kits with mix-ready presets and modelling technology for tom resonance and cymbal swells, BFD3's audio engine delivers uncompromising detail. The revamped interface has a new mixer and sound browser for the easiest BFD experience yet. BFD3's all-new library is recorded in two fantastic rooms by engineers including Andrew Scheps, Rail Jon Rogut and John Emrich, giving you a diverse palette of drum tones out of the box. The sounds include a brushed kit and processed drum presets for fast custom kit-building. BFD3 also contains a powerful built-in environment for pattern creation and editing, complete with a range of performances by legendary drummers for effortless production of drum tracks indistinguishable from the real thing.
