You design and develop for the Web? Espresso turbo-charges your workflow with the perfect blend of features. Speed through day-to-day edits with extensive language support, contextual completions, powerful smart snippets, and Zen actions. Use the Navigator and code folding to prevail over the most complicated documents. Watch your web pages update in real time with live styling, visualize and inspect your layouts with X-ray, then push the changes to your server with Sync or Quick Publish. Oh, and did we mention CSSEdit 3 is built in?
