Licence LLCER anglais

Courses provisionaally open to international exchange students (2023-24)

GENERAL REMARKS

Detailed course outlines, bibliographies, etc. can be found by clicking on this link and scrolling to the bottom of the page, where there are booklets (plaquettes) describing each of the three levels of the Licence:

https://allsh.univ-amu.fr/licence-LLCER-anglais

Courses in the DEMA (Département d'Etudes du Monde Anglophone) are mainly taught in English. Those indicated in blue in this document are taught in French.

First year courses (with codes beginning HLA1...) are often very oversubscribed and it is not advisable to follow them. They are therefore not outlined in this document. In the second semester of first year, group sizes remain high, but less so and those courses are included in this document. Students whose first language is English are not authorised to take any first year courses, as the level is not appropriate for them.

UE (Unités d'Enseignement = modules) and ECUE (Éléments Constitutifs d'une Unité d'Enseignement = module components).

Each UE (module) is indicated below in a coloured frame, with the total number of ECTS credits indicated alongside. Below that are outlined the ECUE (module components). Students must follow the whole module, with the exception of translation modules (HLA3U04, HLA4U04, HLA5U04 et HLA6U04) and two language modules (HLA2U02 et HLA4U01). For those UE (modules) ONLY, it is possible to select one or two ECUE (module components), and in that case the number of ECTS obtained is proportional to the number of ECUE followed. Please note that if you do not follow the complete UE in language/translation, you must complete your IP (course registration) very carefully and only indicate the ECUE you wish to follow. If you enrol in the entire UE, you will be registered for all its components and expected to sit all the relevant exams: failure to do so will result in you being marked DEF (défaillant.e = absent) for the whole UE. Please note that resit exams do not necessarily cover all the ECUE in an UE.

AUTUMN 2023

Semester 3 (2nd Year Licence)

HLA3U01	Langue Anglaise : Théories et Applications 3	6 crédits
